**TO WHOM IT MAY CONCERN**

I am very happy to recommend the service provided to me by the McIntosh Dental Centre. For many years I had been troubled by poor teeth inspite of having regular 6 monthly dental care. On reading an advertisement about the service provided at McIntosh Dental Centre, I decided to make enquiries whether anything could be done for aged yellow teeth with a number of gaps. From the time of my first introduction to the completion of the process I found I was treated with dignity and respect and a real desire by those treating me to provide me with teeth I could be proud of.

I would especially recommend Dr Milan Raniga for his skill, gentleness and concern and for giving me back a great smile. His assistant Emma, receptionist Rachael and others too were always courteous and thoughtful.

My thanks to you all.
